CERTIFIED MAIL

RETURN RECEIPT REQUESTED - 7017 1450 0000 3937 3998

January 16, 2019

Mr. John Achzet
VP Operations
Royal Pest Solutions, Inc., dba Royal Fumigation
53 McCullough Dr
New Castle, DE 19720

SUBJECT: Additional Information Request
Application No. 6500356.19A - for the Ownership Change
Royal Pest Solutions, Inc., dba Royal Fumigation
Facility ID: 6500356, Wilmington, New Hanover County
Permit No. 10313R01

Dear Mr. Achzet:

Reference is made to your Air Quality Permit Application No. 6500356.19A received on December 19, 2018 for the above subject facility (for an Ownership Change to Ecolab Inc.).

During the review process of this application, it was determined that an update of various recent actions should be laid out to all parties involved:

- 1) Application No. 6500356.18A was submitted to DAQ (WiRO) on 2/16/18 for a permit renewal (and was on time); the existing permit (10313R01) was to expire on May 31, 2018. Permit revision 10313R02 (for the renewal) has not been issued.
- 2) On 7/26/18, an Additional Information Letter was written to Mr. John Achzet regarding the Divisions pursuit of additional rulemaking to address log fumigation using methyl bromide and the development of a new NC state toxic limitation for methyl bromide pursuant to 15A NCAC 2D .1100. A detailed monitoring plan and control measures were requested in the letter.
- 3) An Ownership Change application (No. 6500356.19A) was received on 12/19/2018 requesting to change the company name to Ecolab Inc. This application has been placed on hold and will be processed along with the renewal request.
